The Better Business Bureau (BBB) has nominated SmartClean for the 2018 Torch Award for Ethics. The Torch Awards honor businesses that strive to uphold high standards of leadership, character, and organizational ethics. It is an inspirational event that helps build trust among consumers, employees and our community.

Since 2007, SmartClean has been providing solutions for central Iowa commercial property owners with a wide variety of cleaning accommodations. SmartClean is committed to providing environmentally sound cleaning practices and products. The investment in CIMS-GB certification- the industry standard for green cleaning- has been validated by a Certified CIMS Assessor, making SmartClean Iowa's only cleaning company to achieve 100-percent CIMS Green Building Certification.
